

## OCRRA's New System for Household Hazardous Waste Drop-Off

*More days, extended hours and new location!*

Household Hazardous Waste disposal recently became more convenient for Onondaga County residents.

Previously, OCRRA offered multiple collection events at the Ley Creek Drop-Off Site each year. Residents said they wanted more, so OCRRA worked out a system to provide not 2 or 3 drop off days, but 260 days a year to drop off toxic materials!

**With a reservation, residents can now drop off toxic household materials year-round, Monday-Friday, 6:30 am – 6:00 pm at Environmental Products and Services of Vermont, free of charge.**

### Details:

- 1) Household hazardous waste comes in many forms (automotive products, paint supplies, herbicides, pesticides, pool chemicals, mercury thermometers).
- 2) Throwing hazardous waste down the drain or out in the back yard is not the way to go as it can harm children, pets, wildlife and our precious groundwater supply.
- 3) While there is no charge to residents, OCRRA underwrites the cost of proper disposal thanks in part to revenue generated at our Drop-Off Sites and from the sale of the electricity generated from our trash at the Waste-to-Energy Facility in Jamesville.
- 4) Instructions for participation:
  - Visit [www.OCRRA.org](http://www.OCRRA.org) for a list of acceptable items.
  - Gather your items.
  - Register online – as part of the registration process you will need to estimate how much of each type of product you have, which is why you should gather your items before going to [www.OCRRA.org](http://www.OCRRA.org) (or calling 453-2866) to register.
  - You'll get a confirmation email along with some paperwork to fill out and bring with you to the drop off point.
