Provide direct information on topics of interest to construction contractors and developers through three direct informational mailings between June 2009 and May 2010.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Feedback from County Soil & Water Conservation staff responsible for conducting contractor training courses indicated that the information presented to local contractors through targeted mailings helped raise general awareness of evolving program responsibilities as reflected in comments and questions they received during training sessions.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

A contractor "newsletter" will be developed (500 printed pieces) and distributed to local contractors and developers. Information will be presented relative to new and redevelopment design processes and considerations, runoff volume reduction practices, implications of new design standards on construction, etc. The newsletter will be mailed in June 2011.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Develop a multi-page stormwater education supplement to the Syracuse Post Standard targeted toward the general public. The supplement will present basic information on stormwater pollutants, pathways, impacts and controls and will be distributed within all home delivery and point of sale editions of the Post Standard sold in Madison, Onondaga and Oswego Counties on a single day in Spring 2010

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The 4-page supplement to the Syracuse Post Standard was published April 22, 2010 as the centerfold of the Neighbors section. Excluding point of sale copies, the insert was delivered to 250,000 homes. An additional 300 copies were distributed to MS4s upon their request, and were made available at various municipal buildings and public events. Positive feedback from local water quality partners and the general public indicated that the level and quality of the piece was appropriate and useful.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

A similar 4-page informational insert is in development and will be published in the Post Standard on April 26, 2011. The insert will be placed in a more prominent location within the main section of the newspaper for greater visibility.

The stormwater education survey was posted on Survey Monkey and publicized in various newsletters, websites, public libraries and press releases to 55 local medial outlets in the SUA. 300 entries were returned and analyzed. Public feedback on past educational efforts formed the basis for modifying continuing public education programs. Recommendations made in the final survey analyses report have been incorporated into 2011 - 2012 public education program.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Develop and/or modify and distribute existing education and outreach materials for primary target audiences. Topics may include low phosphorus/no phosphorus fertilizer, soil testing, pet waste, native plants to control erosion and/or the dangers of discharging materials into storm sewers.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Three distinct posters (approx. 36" X 28") were designed, printed and distributed to 69 public elementary, 29 public middle and 24 public senior high schools in the SUA, along with information on stormwater education efforts and issues. Posters were displayed in public areas within each school building in mid May, 2010. A landscaping, lawn and garden care brochure and flyer were developed. Each made the connection between specific recommendations and stormwater quality.

C. How many times was this observation measured or evaluated in this reporting period?

			2
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Due to the lack of requested feedback and requests for additional materials and/or information, these activities have been deemed to be ineffective at the current level and have been suspended. They will be resumed if an appropriate funding source is identified that will support a major expansion of efforts. However, the primary messages will continue to be relayed through short articles in the "Green CNY" section of the Syracuse Post Standard.
